

MUN PREPARATORY WORK - Instructions

Please find below the list of countries and the delegates assigned to each country.

Over the summer holidays, you should research your country's background, profile, and main characteristics, and prepare its position on the issue that will be discussed and debated at the MUN workshop in September.

Issue - Gender Equality in STEM Fields: Explore initiatives to close the gender gap in STEM education and careers worldwide.

You can refer to the school platform (ENT - Classeur pédagogique) for further information. Please note, however, that students access to the platform will be suspended during the summer vacations.

Here is a list of websites to help you with your research:

BBC country profiles - http://news.bbc.co.uk/2/hi/country_profiles/default.stm
